

Geoscience Consultancy Services (GCS), Roorkee

Geoscience Consultancy Services (GCS), established in 2016, is a CGWA-accredited scientific consultancy (Certificate No. CGWA/RGI/026), specializing in Hydrogeology, Remote Sensing, and Surveying. The company offers a comprehensive range of services, including environmental impact assessments, environmental management, and ensuring compliance with environmental regulations. GCS is dedicated to providing end-to-end solutions that are customized to meet client objectives, while aligning with global best practices and addressing local challenges. With a multidisciplinary team of highly qualified professionals—comprising alumni from premier institutions like the IITs and experts with extensive international experience—GCS delivers advanced technical expertise and strategic planning to every project.
